

## **RCYC SOP**

### **Parking Lot Storage**

**November 2023**

Should any member need temporary parking for vehicles, trailers, boats, etc., they are advised to consult with our resident members, Pam and Carl Corey or Rick and Liz Samuels. If the request is for longer than 10 days, it should be made via the Vice Commodore. In either case, please provide the following information:

- The type of vehicle you wish to store
- How long you'd like to store it
- When you plan to move it
- Current contact information

If you are unable to remove your vehicles, trailers, boats, etc. on the agreed-upon date, contact the VC and The resident members to update them on your situation.
